DAY 2: Transfer to Bwindi Impenetrable National Park in Kisoro District Uganda for Gorilla Tracking.

The day begins with breakfast at the hotel and right after the Journey to Kisoro begins. This is a 7 - 8 hours drive from Kampala, you will make a stopover in Mbarara for Lunch and continue journeying to your destination.

Bwindi Impenetrable Forest is found in Western Uganda therefore during “the road trip” you will have journeyed through 6 districts in Western Uganda e.g. Ntungamo, Rukungiri, Kihhi, etc and you will also see a lot of greenery and varying landscapes which only confirms that the natives here are largely farmers and cattle keepers.

About Bwindi Impenetrable National Park - Bwindi is the habitat of more than half the world’s population of Mountain Gorillas with over 300 mountain gorillas living here, 346 bird species, and 200 butterfly species. The word “Bwindi” means “darkness” and taking a hike in this magnificent forest will certainly unveil to you the reason why the forest was named so. You will also be in a position to first tell why the forest is also regarded as Impenetrable. One is required to be physically fit to take part in this mountain gorilla tracking / trekking adventure because it may involve climbing the steep terrain.
